- Blind can be raised, lowered tilted and turned
- Perfect throughout the home
- Ideal for conservatories, kitchens, bathrooms and awkward windows
- Comprehensive selection of colours and choice of finishes
- Available in 25mm slat widths
- Control preferences
- Easy to use
- Easy to clean

Measuring

The width and drop for each blind must be clearly specified, to the nearest 0.1cm. Please be aware of the following when measuring:

	max width	max drop	max area	min width	min drop
25mm	400cm	400cm	12m ²	25cm	20cm

The order also needs to specify which measurement has been taken:

Exact

This measurement is the exact area you would like the blind to cover

Recess

This measurement should be calculated by measuring the recess width from wall to wall in 3 places and the drop from the top of the recess to the window sill in three places

Allowances

Please refer to our how to measure venetians blinds page for allowances made to this product.

Operation

- Each blind can be tilted, raised and lowered by separate controls.
- Tilting of 25mm blinds is by wand. Please specify whether this control is required on the left or right.
- To raise and lower the blind cords are used. Please specify whether the cords are needed on the left, right or separate sides.

Additional Information

- All blinds are supplied with co-ordinating ladder, cord, headrails and bottom rails.
- All blinds are supplied with standard swivel brackets or universal extension brackets.

Important Note:

- Before ordering you are advised to read the 'how to measure venetians blinds' page.
- We work to a tolerance level of 4mm
