- Superb Value
- Unique and stylish window covering
- Bamboo blinds gently diffuse light creating ambience
- Roman style operation
- Matching valance
- Taped edges at no extra cost
- Locking cord control with left or right preference
- Easy to install

Measuring

The width and drop for each blind must be clearly specified, to the nearest 0.1cm.

Please be aware of the following when measuring:

Information

Information	Dimensions	
Min Width	35cm	
Max Width	200cm	
Min Drop	60cm	
Max Drop	200cm	

These restrictions are imposed as a limit to the effective operation of the blind.

The order form also needs to specify which measurement has been taken:

Exact

This measurement is the exact area you would like the blind to cover

Recess

This measurement should be calculated by measuring the recess width from wall to wall in 3 places and the drop from the top of the recess to the window sill in three places

Allowances

Please refer to our how to measure bamboo blinds page for allowances made to this product.

Operation

- Locking cord control with left or right preference
- Universal face fix/ top fix bracket supplied

Additional Information

A wide range of natural, renewable materials are used to create our Bamboo blinds, including jute, bamboo and wood. Bamboo blinds may display natural shade variation, as a reflection of the environment in which they grew.

Important Note:

Before ordering you are advised to read the 'how to measure Bamboo blinds' page..
