

Vertical Blinds

Technical information for collection:

Vertical Blinds – Dim out, Black out, Suedes Solar Protective Coating, Voiles, Textured, Flame Retardant and patterned.

Features/Benefits

- Affordable
- Wide selection of Light diffusing, blackout, textured, flame retardant and patterned fabrics
- Offer superb control over how much light is filtered in to the room
- Louvers can stack to the left, right, or split, providing a clear outside view
- Perfect throughout the home
- Ideal for conservatories and awkward windows
- Practical PVC fabrics offered ideal for moist environments
- Fabrics that coordinate with roller blinds
- Easy to install
- Easy to clean

Measuring

The width and drop for each blind must be clearly specified, to the nearest 0.1cm

Please be aware of the following when measuring:

	max width	max drop	min width	min drop
89mm / 127mm	457cm	366cm	25cm	30cm

The order also needs to specify which measurement has been taken:

Exact

This measurement is the exact area you would like the blind to cover

Recess

This measurement should be calculated by measuring the recess width from wall to wall in 3 places and the drop from the top of the recess to the window sill in three places

Allowances

Please refer to our how to measure vertical blinds page for allowances made to this product.

Operation

- Vertical blinds are controlled using a white cord to draw the louvres
- White plastic chain is used to rotate the louvers Chrome or Gold chains are available on request. For stabilizing, white plastic chain is used. Chrome chain is available on request.
- The blind can be made to either bunch of louvres to the left, to the right or the bunch of louvres can be split to both sides.
- Controls can be changed to left or right by turning the headrail around

Headrails

- Headrails are available in white.

- Standard headrail: 44mm wide x 34mm deep
- Headrails are also available in silver and brown on request and supplied with colour coordinated pull cords

Fittings

- Blinds are supplied with either face fix or top fix brackets. Extension brackets are available on request.
- Please make sure you specify type of brackets you require.

Additional Information

We also supply replacement louvres available in 89mm & 127mm slat widths.

Important Note:
